

JASDEC

Japan Securities Depository Center, Inc.

ANNUAL REPORT 2015

PROFILE

As Japan's Central Securities Depository (CSD), JASDEC provides essential settlement infrastructure for capital markets by operating centralized securities settlement and recording systems.

JASDEC recognizes the public importance of its role as a CSD, and will contribute to social progress and prosperity by helping to improve capital market functions through the provision of highly reliable, convenient, and efficient services.

JASDEC will achieve these goals through continual reform from the perspective of users, including investors, issuers, and market intermediaries, in response to structural and environmental changes affecting capital markets both in Japan and internationally.
