JASDEC DVP Clearing Corporation

Thank you for your understanding and cooperation in the business operation of the JASDEC Group.

The JASDEC Group dissolved the BCP (Business Continuity Plan) Countermeasure Office which had been established on March 4, 2020, as Japanese government classified COVID-19 as a "Class 5 infectious disease" under the Infectious Diseases Control Law on May 8, 2023.

Even after the dissolution of the BCP Countermeasure Office, we will continue to take basic infection control measures and strive for continuous and stable business operations as a financial market infrastructure with a public role.
