- b) That the Margin Value of each Receiving Participant (in the case of the assumption of obligation pursuant to the Amount Adjustment Instruction, Paying Participant; the same shall apply in the following c)) is not a negative number; and
- c) That the Net Fund Balance set forth in Paragraph 3, Item (2) below of the Receiving Participant is a Net Debit, such Net Debit shall not exceed the Net Debit Cap (meaning the Net Debit Cap as defined in the following Article) on the Settlement Date.

After JDCC's placement with JASDEC of the DVP Order relating to the DVP Instruction with respect to the Transaction Subject to Clearing until the DVP Book-Entry Cutoff Time

(2) Net Fund Balance (meaning the figure set forth in a) or b) below, depending upon the classifications described in a) and b) below, which shall be calculated for each DVP Participant by adding together the sum of the Settlement Amount Payment Obligations owed by JDCC under Article 63, Paragraph 1 as a positive number, the sum of the Settlement Amount Payment Obligations under the same Paragraph owed to JDCC as a negative number and the Settlement Facilitation Payment Deposited Balance as a positive number):

a) When the figure calculated above is a negative number, the absolute value of such figure (hereinafter referred to as the “Net Debit”); and

b) When the figure calculated above is a positive number, the amount of such figure (hereinafter referred to as the “Net Credit”).

4 If deemed particularly necessary, such as in the event of extreme market volatility, etc., JDCC may temporarily change the appraisal value of the Securities-to-be-Received Balance and the Pledged Securities Balance set forth in the preceding Paragraph. In such event, JDCC shall promptly notify the DVP Participants to that effect.

5 If the Margin Value of a DVP Participant becomes a negative number as a result of the temporary change in the appraisal value made by JDCC pursuant to the preceding Paragraph, the DVP Participant shall promptly cause the Margin Value to be zero or a

positive number by increasing its Total Assurance Assets Value after such change or decreasing its Net Debit.

(Article 46 Net Debit Cap)

- 1 JDCC shall determine the maximum limit of the Net Debit (hereinafter referred to as the “Net Debit Cap”) for each DVP Participant and for each Settlement Date, which will be applicable in the event that such DVP Participant’s Net Fund Balance is a Net Debit.
- 2 JDCC shall determine the Net Debit Cap set forth in the preceding Paragraph by prescribing applicable rules.

(Article 47 Notice of DVP Book-Entry Execution)

  - (2) If (i) such Receiving Participant becomes a Participant Payer (meaning a Participant

Payer as defined in Article 66, Paragraph 2), and (ii) such Participant Payer performs the payment obligation relating to the Participant Settlement Amount pursuant to Article 66, Paragraph 2.

2 The Completion of DVP Book-Entry set forth in the preceding Paragraph shall be carried out by a book-entry transfer from the DVP Account to the Receiving Participant Account with respect to the Securities-to-be-Received Balance of each relevant Receiving Participant at the time when the Completion Condition is satisfied. In such event, JDCC shall place the relevant book-entry transfer orders with JASDEC or the Bank of Japan.

In such event, JDCC shall carry out the Completion of DVP Book-Entry only if the Margin Value of such Receiving Participant does not become a negative number upon the Completion of DVP Book-Entry pursuant to the Securities-to-be-Received Completion Order.

2 The Completion of DVP Book-Entry pursuant to a Securities-to-be-Received Completion Order shall be carried out by a book-entry transfer from the DVP Account to the Receiving Participant Account with respect to the amount relating to the Securities-to-be-Received Completion Order. In such event, JDCC shall place the relevant book-entry transfer orders with JASDEC or the Bank of Japan.

(Article 50 Appropriation Order)

2 The Appropriation Order set forth in the preceding Paragraph shall be subject to the

conditions (i) that the Transfer/Delivery Order satisfies the condition relating to the balance of the Subject Securities, and (ii) that, immediately before the required entries relating to the Transfer/Delivery Order are made in the Account Book, the required entries with respect to the JASDEC DVP Account and the account of the relevant DVP Participant are made in the Account Book on the assumption that the Securities-to-be-Received Completion Order and the Pledged Securities Release Order set forth in Article 58, Paragraph 5 were placed by the relevant DVP Participant in accordance with the sequence and the amount prescribed by JDCC, if the Margin Value of each applicable DVP Participant would not become a negative number upon the book-entry transfer from the JASDEC DVP Account to the account of such DVP Participant, with respect to the amount obtained by subtracting the balance of the account of such DVP Participant from the amount of the account balance to be transferred or delivered, by JASDEC pursuant to the Transfer/Delivery Order.

- 3 The provisions of Article 45, Paragraph 1, Item (1) shall apply *mutatis mutandis* to the condition relating to the balance of the Subject Securities set forth in the preceding Paragraph. - 1 If a DVP Participant fails, or is deemed likely to fail, to perform the payment obligation relating to the Participant Settlement Amount or any other obligations owed to JDCC under the Business Rules (with respect to a Settling Bank Appointor, including if the Settling Bank appointed by the Settling Bank Appointor issues a disapproval notice or an Additional Disapproval Notice), JDCC may suspend (i) the assumption of the obligations arising from the Transactions Subject to Clearing to which the DVP Participant is a party, (ii) JDCC's return of the DVP Participant's Settlement Facilitation Payment Deposited Balance, its refund of the Participants Fund Deposited Balance and its return of the Pledged Securities Balance, and (iii) the Completion of DVP Book-Entries (hereinafter collectively referred to as the "Measures such as Suspension of Assumption of Obligations") to the extent and during the period deemed necessary by JDCC.
- 2 If JDCC carries out the Measures such as Suspension of Assumption of Obligations set forth in the preceding Paragraph, JDCC shall notify the DVP Participants to that effect.

##### Section 2 Performance of Obligations by Netting Calculations, etc.

(Article 83 Acceleration of Due Dates)

1 If any of the following Items applies to a DVP Participant, all of the DVP Participant's obligations owed to JDCC under the Business Rules shall automatically become immediately due and payable without any notice, demand, etc., from JDCC, and the DVP Participant shall immediately satisfy such obligations:

- (1) If a petition is filed, or notice is issued, for the commencement of bankruptcy proceedings, commencement of civil rehabilitation proceedings, commencement of corporate reorganization proceedings, commencement of liquidation, or commencement of special liquidation;
- (2) If a resolution for dissolution is adopted or dissolution otherwise becomes effective (excluding if such dissolution results from a merger or an order to commence bankruptcy proceedings);
- (3) If any clearinghouse or Electronic Monetary Claim Recording Institution as defined in Article 2, Paragraph 2 of the Electronically Recorded Monetary Claims Act (Law No. 102 of 2007) suspends transactions involving the DVP Participant;
- (4) Other than the circumstances described in the preceding three (3) Items, (i) if the DVP Participant files a petition for any proceedings for the rearrangement of liabilities with a court's involvement, or (ii) if the DVP Participant announces that it is insolvent or has discontinued its business, or (iii) if any other event indicating the DVP Participant's suspension of payments to creditors in general occurs;
- (5) (i) If an order for provisional attachment, preservative attachment, or attachment with respect to JDCC's obligations owed to the DVP Participant under the Business Rules is issued, or (ii) if a notice of transfer or pledge with respect to such obligations is issued;
- (6) If an event which is the same as or similar to any of the events described in the foregoing Items occurs under foreign laws and regulations; or
- (7) If the DVP Participant fails to perform some or all of the payment obligation relating to the Participant Settlement Amount.

2 If following Items applies to a DVP Participant, upon JDCC's issuance of notice to the DVP Participant to that effect, all of the DVP Participant's obligations owed to JDCC under the Business Rules shall automatically become immediately due and payable, and the DVP Participant shall immediately satisfy such obligations:

- (1) If the DVP Participant (i) disclaims in writing the existence of any of its obligations owed to JDCC under the Business Rules, or (ii) admits its lack of ability or willingness to perform such obligations; or
  - (2) If the DVP Participant violates the Business Rules and JDCC deems that such violation constitutes an event where the preservation of JDCC's rights is necessary.
- 3 When the preceding Paragraph applies, if the notice is delivered late or is not delivered due to the DVP Participant's failure to report its address change, its refusal to accept the notice from JDCC, or any other cause for which the DVP Participant should be held responsible, acceleration of the due dates shall be deemed to occur when such notice should ordinarily have been delivered.
- 4 If the DVP Participant's obligations become immediately due and payable pursuant to Paragraphs 1 and 2 above between 9 a.m. and the Final DVP Book-Entry Cutoff Time on the Settlement Date, as though the Final DVP Book-Entry Cutoff Time shall be deemed to have arrived, and Article 66 shall apply to the DVP Participant.

(Article 84 Closeout Netting)

- 1 If (i) a petition is filed, or notice is issued, for the commencement of bankruptcy proceedings, commencement of civil rehabilitation proceedings, commencement of corporate reorganization proceedings, commencement of liquidation, or commencement of special liquidation (hereinafter referred to as the "Cause of Closeout Netting") with respect to a DVP Participant, and (ii) the DVP Participant is a Participant Payer at the time when the Cause of Closeout Netting occurs, and (iii) the DVP Participant's payment obligation relating to the Participant Settlement Amount exceeds the Participants Fund Deposited Balance of the DVP Participant, then the amount obtained by netting the Appraised Default Values at the time when the Cause of Closeout Netting occurs of (x) all of the outstanding Monetary Payment/Return Obligations between the DVP Participant and JDCC (meaning herein (i) the DVP Participant's payment obligation relating to the Participant Settlement Amount and the payment obligations which the DVP Participant owes under Article 70, Paragraph 2, and Article 91 arising from the above-referenced payment obligation (hereinafter referred to as the "DVP Participant's Payment Obligation Relating to its Participant Settlement Amount, etc.") and (ii) JDCC's obligation owed to the DVP Participant to return the Participants Fund Deposited Balance) and (y) all of the

outstanding Securities Transfer/Return Obligations (meaning herein JDCC's obligations owed to the DVP Participant to return the Pledged Securities Balance and transfer the Subject Securities relating to the Completion of DVP Book-Entries) shall become either a single obligation of JDCC owed to the DVP Participant or a single obligation of the DVP Participant owed to JDCC.

2 The Appraised Default Value set forth in the preceding Paragraph shall be calculated as in accordance with the following Items:

(1) As to the Monetary Payment/Return Obligations, the amount of the respective obligations; or

(2) As to the Securities Transfer/Return Obligations, the sum of the amounts set forth in a) and b) below:

a) If JDCC sells the securities of the same type and the same amount as those which must be transferred or returned in connection with the Securities Transfer/Return Obligations before the third (3<sup>rd</sup>) day after the day on which the Cause of Closeout Netting occurred, an amount equal to the total amount of the sale proceeds, reduced by the expenses and fees required for such sale; and

b) If JDCC does not sell the securities of the same type and the same amount as those which must be transferred or returned in connection with the Securities Transfer/Return Obligations before the third (3<sup>rd</sup>) day after the day on which the Cause of Closeout Netting occurred, the aggregate market price of the securities on such third (3<sup>rd</sup>) day.

3 JDCC shall calculate the amount of the single obligation pursuant to Paragraph 1 above promptly after the Appraised Default Value is calculated and shall notify the DVP Participant to that effect. In such event, JDCC shall designate the date and time when the single obligation is to be performed.

4 The Monetary Payment/Return Obligations and the Securities Transfer/Return Obligations between the DVP Participant and JDCC shall be deemed performed and extinguished at the time when these obligations become a single obligation pursuant to Paragraph 1 above. In such event, notwithstanding Article 40, Paragraph 2 and the first sentence of Article 58, Paragraph 5, JDCC may perform the Securities Transfer/Return Obligations by paying the Appraised Default Value of the Securities Transfer/Return Obligations at the time when the Cause of Closeout Netting occurs (the amount calculated

in accordance with Paragraph 2, Item 2 above) and it shall be deemed to have elected such method of performance.

5 In the event described in Paragraph 2, Item (2)b) above, if (i) JDCC sells the securities of the same type and the same amount as those which must be transferred or returned in connection with the Securities Transfer/Return Obligations on or after the third (3<sup>rd</sup>) day set forth in Item (2)b), and (ii) the amount equal to the total amount of the sale proceeds, reduced by the expenses and fees required for such sale, is less than the aggregate market price set forth in Item (2)b), the DVP Participant referred to in Paragraph 1 above shall be obligated to pay such difference.

(Article 85 Netting Calculations)

1 If a DVP Participant's Payment Obligation Relating to its Participant Settlement Amount, etc., and the DVP Participant's other obligations owed to JDCC under the Business Rules are due, JDCC may offset those obligations against JDCC's obligations owed to the DVP Participant under the Business Rules regardless of their due dates and times.

2 When the preceding Paragraph applies, the obligations shall be satisfied in accordance with the sequence set forth in the following Items; provided, however, that the foregoing shall not apply if JDCC deems it necessary for the preservation of JDCC's rights.

(1) The DVP Participant's obligations owed to JDCC under the Business Rules shall be satisfied in accordance with the sequence described below:

- a) The DVP Participant's Payment Obligation Relating to its Participant Settlement Amount, etc.; and
- b) The DVP Participant's obligations owed to JDCC under the Business Rules other than those described in a) above.

(2) If the amount of the Monetary Payment/Return Obligations included in JDCC's obligations owed to the DVP Participant under the Business Rules is not sufficient to satisfy all of the DVP Participant's Payment Obligation Relating to its Participant Settlement Amount, etc., under the Business Rules, JDCC shall satisfy the Securities Transfer/Return Obligations to the extent necessary to satisfy the remaining obligations in accordance with the sequence described below:

- a) The obligation to return the Pledged Securities Balance; and
- b) The obligation to transfer the Subject Securities relating to the Completion of DVP

Book-Entries.

- 3 Notwithstanding Article 40, Paragraph 2 and the first sentence of Article 58, Paragraph 5, JDCC may perform the obligations to return the Pledged Securities Balance and to transfer the Subject Securities relating to the Completion of DVP Book-Entries upon the set-off set forth in Paragraph 1 above by paying the total appraised value of such obligations to return and to transfer (meaning the sum equal to the total amount of the sale proceeds, reduced by the expenses and fees required for such sale, if JDCC sells the securities of the same type and the same amount as those which must be so returned or transferred), and it shall elect such method of performance and carry out the set-off.
- 4 The calculation period of the overdue charges and other money payable, when performing the netting calculation with respect to the set-off set forth in Paragraph 1 above, shall be until the day on which JDCC performs such calculation.
- 5 The intention to carry out the set-off pursuant to Paragraph 1 above shall be notified in writing.
- 6 JDCC may designate, in the notice set forth in the preceding Paragraph, the sequence and method of satisfying the claims and obligations with respect to the set-off set forth in Paragraph 1 above, and the DVP Participant shall have no right to object to such designation.
- 7 JDCC may offset at any time the single remaining obligation owed to or claim against the DVP Participant pursuant to Article 84 against any payment claim against or obligation owed to the DVP Participant (including those not under the Business Rules) regardless of their due dates and times. In such event, the preceding six (6) Paragraphs shall apply *mutatis mutandis*.
- 8 The matters necessary for the set-off set forth in the preceding seven (7) Paragraphs shall be determined by JDCC on a case-by-case basis.

(Article 86 Disposition of Assurance Assets)

- 1 When Article 84 or the preceding Article apply to a DVP Participant, JDCC may sell at the financial instruments market, or otherwise dispose of or pledge using the method deemed appropriate by JDCC, the securities of the same type and the same amount as the Pledged Securities Balance or the Securities-to-be-Received Balance of the DVP Participant to the extent that the obligations to return or transfer have been extinguished

pursuant to Article 84 or the preceding Article.

2 JDCC shall take the actions set forth in the following Items with the money obtained from the disposition or pledge pursuant to the preceding Paragraph:

- (1) Performance of the payment obligations relating to the Participant Settlement Amount and other obligations which JDCC owes to the DVP Participants;
- (2) Repayment of the loans procured from the Banks pursuant to Article 69, Paragraph 1, Item (2); and
- (3) Restoration of the balance relating to the investment of the Participants Fund pursuant to Article 56, Paragraph 2.

### Section 3 Loss Compensation by DVP Participants

(Article 87 Default Compensation Charge)

1 If JDCC suffers a loss due to a DVP Participant's Outstanding Obligation remaining after (i) the DVP Participant's Payment Obligation Relating to its Participant Settlement Amount, etc., becomes a single obligation pursuant to Article 84 or (ii) the JDCC carries out the set-off pursuant to Article 85, Transferring Participants relating to such DVP Participant (such DVP Participant being hereinafter referred to as the "Defaulting Participant") shall pay the Default Compensation Charge to JDCC by the date and time determined by JDCC on a case-by-case basis. In such event, JDCC shall compensate its loss caused by the Defaulting Participant (hereinafter referred to as the "Net Default Loss") with the Default Compensation Charge.

2 The Transferring Participants relating to the Defaulting Participant set forth in this Article and the following Article shall mean (i) the Transferring Participants which have entered into the Transactions Subject to Clearing (limited in this Paragraph and the following Paragraph to those which have satisfied the Transfer Conditions and with respect to which JDCC has assumed the relevant obligations) of which the Defaulting Participant is the Receiving Participant and (ii) the Fund-Receiving Participants which have entered into the Transactions Subject to Clearing of which the Defaulting Participant is the Paying Participant on the day on which such default occurs or the day preceding such day (limited to if the acceleration of the due dates occurs on a holiday of JDCC or if JDCC approves the application of Article 90 to the Defaulting Participant;

hereinafter simply referred to as the “Default Date”).

- 3 The amount of the Default Compensation Charge set forth in Paragraph 1 above shall be equal to the amount of the Net Default Loss allocated proportionally to each Transferring Participant relating to the Defaulting Participant based on the sum of the Settlement Amounts of its Transactions Subject to Clearing of which the Defaulting Participant is the Receiving Participant or the Paying Participant.
- 4 If a Transferring Participant relating to the Defaulting Participant fails to pay the Default Compensation Charge by the date and time set forth in Paragraph 1 above, the Transferring Participant relating to the Defaulting Participant shall be deemed to have failed to perform the payment obligation relating to the Participant Settlement Amount, and Articles 82, 83 and 85 shall apply to the Default Compensation Charge.

(Article 88 Extra Default Compensation Charge)

- 1 If there still remains a loss relating to the Net Default Loss, which needs to be compensated, after the measures set forth in the preceding Article are taken (hereinafter referred to as the “Remaining Loss”), the Non-Defaulting Participants (meaning herein the DVP Participants on the Default Date other than the Defaulting Participant and the Transferring Participants relating to the Defaulting Participant from which JDCC has collected, as the Default Compensation Charge, an amount less than the full amount of the Default Compensation Charge pursuant to Paragraph 4 of the preceding Article) shall pay the Extra Default Compensation Charge by the date and time determined by JDCC on a case-by-case basis. In such event, JDCC shall compensate the Remaining Loss with the Extra Default Compensation Charge.
- 2 The amount of the Extra Default Compensation Charge set forth in the preceding Paragraph shall be an amount equal to the Remaining Loss allocated proportionally to each Non-Defaulting Participant on the Default Date based on its Required Participants Fund Amount on the Default Date (the amount is prescribed in the rules).
- 3 If a Non-Defaulting Participant fails to pay the Extra Default Compensation Charge by the date and time set forth in Paragraph 1 above, the Non-Defaulting Participant shall be deemed to have failed to perform the payment obligation relating to the Participant Settlement Amount, and Articles 82, 83 and 85 shall apply to the Extra Default Compensation Charge.

4 If there still remains any loss, which needs to be compensated, after the measures referred to in the preceding three (3) Paragraphs are taken, the provisions of this Article shall apply.

(Article 89 Collection from Defaulting Participant)

If JDCC subsequently collects from a Defaulting Participant debts relating to the loss that has been compensated pursuant to the preceding two (2) Articles, JDCC shall return proportionate amounts of the money so collected to the DVP Participants which were obligated to pay, and paid (including if JDCC collected pursuant to Article 85), the Default Compensation Charge and the Extra Default Compensation Charge pursuant to the preceding two (2) Articles.

#### Section 4 Miscellaneous Clauses

(Article 90 Special Rule for Non-Performance of Payment Obligations Relating to the Participant Settlement Amount)

1 If (i) a DVP Participant provides prior written notification stating that it will be difficult to perform its payment obligation relating to the Participant Settlement Amount at or prior to the Fund Settlement Cutoff Time due to problems associated with such DVP Participant's computer system, a natural disaster, or any other unavoidable event, but that it will be able to fully perform such payment obligation without any problem, and (ii) JDCC deems it appropriate, the provisions of Articles 85 and 86 shall not apply to the non-performance of the payment obligation relating to the Participant Settlement Amount until the time determined by JDCC on the following day; provided, however, that the foregoing shall not apply if JDCC deems that any of the Items under Article 83, Paragraphs 1 and 2 (excluding Paragraph 1, Item (7)) applies.
